The Office of Management and Budget has requested our views on S. 205, a bill requiring every Federal agency to fully and currently inform each congressional standing committee on all matters relating to the agency within the jurisdiction of that committee, and requiring further that Federal agencies furnish any information requested by any such standing committee with respect to the activities of that agency within the jurisdiction of that committee.

If you approve, we intend to submit the attached report which has already been coordinated with John Warner. In view of our present problems with the House Select Committee, I thought it best if you review this letter, even though it is to another Executive agency.

We have also been asked by OMB for a report on S. 2170, a similar bill, which I discussed at a morning meeting earlier this week.
